Precinct Aldermen—A. H. D'Alemberte, P. K. Yonge, Jas. McHugh, and W. B. Wright.

The great campaign which culminated yesterday in the election of Hon. Chas. H. Bliss and the whole White Primary Democratic ticket was something unprecedented in the history of municipal elections in Pensacola.

The majorities were all so large and the victory itself was so decisive that it settles not only the question of the legality and the regularity of the White Primary, but it settles for all time to come the White Primary proposition in this city.

The total vote was larger, probably by 300, than anyone had predicted or expected. Many thought the vote would not go over 1,800 and the highest estimate made previous to the election was 2,000. The total vote, however, of over 2,200 was not expected by anyone.

Celebrated the Victory.  
As soon as it became known that victory of the White Democratic ticket was assured, the Barrancas Military Band was drawn up in front of The Journal office and soon the strains of "Hail to the Chief" drowned out, for a time, the cheering of the immense crowd that had gathered to listen to the returns from the various precincts.

Soon a line of march was taken up and the band, followed by a crowd estimated at between 1,500 and 2,000 marched to the Democratic headquarters on Government street west of the Custom House where transparencies were procured, after which the parade marched up Palafox street to Wright and to the home of Senator Wm. A. Blount, whom they serenaded. Mr. Blount responded to the serenade in a brief address in which he congratulated the voters upon the great victory for white supremacy.

Returning the band and crowd marched down Palafox street, passed The Journal office and proceeded to the home of C. Moreno Jones, who was also serenaded and responded briefly. Every possible implement indicative of victory was carried by the marchers. In the lead was a man bearing a transparency containing the legend "Hail to the Chief" and following him was another with a banner upon which was "Line Up Bliss Hoodlums," then another "White Supremacy."

Brooms were carried by many, indicating the clean sweep for White Supremacy and several of the most enthusiastic of the marchers carried a dilapidated "Bed Mattress," which has been such a conspicuous feature in the municipal campaign. In addition to this the crowd carried a box in imitation of a coffin which was labelled "G. Telegram, Hitherton, Salt Creek, C. O. D." Upon the last return to The Journal office Mr. Bliss was called for and, in response, mounted a box in front of The Journal and addressed the crowd. He congratulated them upon the great victory for White Supremacy.

#### SOME FIGURES FROM PREVIOUS CITY ELECTIONS.

The following figures show the vote cast in the city on previous occasions as noted, and they will prove interesting for the purpose of comparison with the vote in yesterday's election:

While Dalley's election as city treasurer was never in doubt, his vote was even larger than expected and a splendid compliment to that young business man's popularity.

In fact, every candidate on the White Primary ticket made a run which was a compliment both to the candidate and to his party.

Bicker's Close Run.  
The closest run in the whole race was that between W. R. Bicker and John Baker for fire chief. Bicker winning out by only 13 majority.

The Journal Congratulated.  
From the time the returns began to come in and the election of the Democratic ticket was indicated, crowds swarmed around The Journal office and The Journal was congratulated on all sides on its great fight for the White Primary and the Democratic ticket—congratulations which The Journal heartily reciprocates with the White Democracy of Pensacola.

EVENTS OF THE DAY.  
Yesterday's city election was of a character seldom witnessed by the city of Pensacola. The opposition parties showed good feeling in some instances, the best of fellowship and friendliness in others, while in some the most bitter enmity was exhibited. All in all it was a remarkable day, and one that will not soon be forgotten by Pensacolians.

When the morning dawned it witnessed many carriages filled with workers of the various candidates upon the streets. Throughout the day those workers kept steadily at it, although the day was an exceedingly warm one. This, apparently, did not effect those bent upon securing votes for their favorites for they canvassed the city from one end to the other, and did not cease their labors until the polls closed at sundown.

The working and voting was good natured at most of the polls during the early morning hours, but as the day wore on, the feeling became more and more bitter.

### MAGNIFICENT WEDDING OF CROWN PRINCE OF GERMANY

#### DISTINGUISHED ASSEMBLAGE

Composed of Members of European Royal Families Was Present.

BRIDE HANDSOMELY GOWNED  
EN TRAIN AND ABLAZE WITH PRECIOUS GEMS—CROWN PRINCE IN SIMPLE UNIFORM OF MAJOR OF THE FIRST FOOT GUARDS.

By Associated Press.

Berlin, June 6.—Crown Prince Frederick William and Duchess Cecilia of Mecklenburg-Schwerin, were married in the palace chapel this afternoon and the close of the ceremony was marked by the fire of batteries here and in every garrison town in Prussia, and in every sea where German warships floated was begun the firing of 21 guns in salute at the same moment.

In the chapel one of the most distinguished assemblages that could be gathered in Europe saw the simple wedding service of the Lutheran church. Some sixty or seventy members of the royal family from German and foreign states were present, representing Emperor Francis Joseph, Grand Duke Michael of Russian, Prince Henry, consort of the Queen of the Netherlands, the Duke and Duchess of Aosta, representing the King and Queen of Italy, Prince and Princess Albert of Belgium, the Duke of Oporto, representing Portugal, Prince Ferdinand of Roumania and the crown princess of Denmark. Many others of distinction were present among them being Ambassador and Mrs. Tower.

Duchess Cecilia came in on the arm of the Crown Prince. She was wearing a wreath of fresh myrtle on her head, over which was a small crown of diamonds and rubies in a gold frame, placed there by the empress. A triangle of diamonds rested on the front of the low cut bodice and on the round neck was a necklace of large diamonds.

The wedding gown was of Russian silver brocade and had a train four and one half yards long and two and one-quarter yards wide. Four maids carried the train. The bride veil was of old Brussels lace.

The Crown Prince wore the light blue uniform of the First Foot Guards with a major's insignia and his decorations.

#### RETIREMENT OF DELCASSE CAUSES SOME UNEASINESS

ESPECIALLY IN VIEW OF RELATIONS BETWEEN FRANCE AND GERMANY—SITUATION INVOLVING POSSIBILITIES OF WAR NARROWLY AVERTED.

By Associated Press.

Paris, June 6.—The presidential decree accepting the resignation of M. Delcasse and appointing Premier Rouvier minister ad interim appeared this morning in the Journal Official.

UNEASINESS CAUSED BY THE RESIGNATION.

Paris, June 6.—The cabinet discussion today, while covering the Moroccan situation did not include the decision regarding the reply which France proposes making to the sultan's proposition for an international conference. This question will be dealt with subsequently.

M. Delcasse and M. Rouvier had a conference lasting half an hour when the premier assumed direction of affairs of the foreign office.

The resignation of M. Delcasse has caused uneasiness in parliamentary quarters in view of the premier's ideas concerning the relations between France and Germany. Some deputies declare a situation involving possibilities of war has been narrowly averted and that it will be difficult now to reconcile the differences already created. Premier Rouvier appeared to give some basis for this view when he appealed to the deputies not to press the matter regarding Morocco, saying that pending conditions require the fullest exercise of patriotism.

Secretary Taft to Speak.

Washington, June 6.—Secretary Taft left Washington last night with Mrs. Taft for Hot Springs, Va., to address the Southern Hardware Association in convention at that place.

A good audience greeted Pastor Cottrell and his assistant Rev. W. F. Wagner. The house was beautifully lighted, the singing was inspiring. There was a good gospel sermon by Mr. Wagner from John 20:21. "As the Father hath sent me even so send I you."

Five joined by letters and one applied for baptism. The meeting continues through the week at 3:30 p. m. and 7:45 evenings.

#### Linevitch Confident of Victory in Manchuria

By Associated Press.

Headquarters of the Russian army, Godzyadani, Manchuria, June 6.—Undismayed by Rojstevsky's defeat and full of confidence as to the outcome of the approaching battle, Lieutenant General Linevitch is for war and believes the Manchurian army is now strong enough to assume the aggressive.

To a correspondent of the Associated Press he said: "Most certainly I am for war; I am a soldier and the emperor's will is naturally my law. But my voice, now as before, is for a continuation of the fight. I am no prophet and have no desire to be one, but firmly believe I can and will defeat the Japanese in Manchuria."

The girl, pulled his pistol and fired at her back. She caught a glimpse of the pistol in the glass and turned and received the bullet in the left arm instead of her back. The arm was broken above the elbow. The shot was fired at such close range that her clothing caught fire.

The negro made good his escape. He was hunted the whole night by a crowd of colored men but is still at large.

#### RUSSIA AGREES TO INTERNMENT

Police Dictatorship is Practically Created by Appointment of Treppoff.

Imperial Ukase Makes Him Final Arbiter of Free Public of Russia—Agitators Want Strike Renewed—Zemstvos Met Despite Police.

By Associated Press.

Washington, June 6.—The following announcement was made at the War Department late today: "The Secretary of War is in receipt of a telegram from Governor Wright announcing that Secretary Taft's instructions of yesterday have been formally transmitted to the Russian admiral and that the inquiry was made as to whether he would be required to put to sea within twenty-four hours after taking on coal and provisions sufficient to take him to the nearest port. That up to this time only enough coal and provisions for use in the harbor, to last from day to day had been given the Russians. They arrived in Manila with practically no coal and no provisions."

"Governor Wright submitted the question as to whether they were required to take on coal and provisions sufficient to carry them to the nearest port and was advised that the President had directed that the twenty-four hour limit must be strictly enforced and that necessary supplies and coal must be taken on within that time. These instructions were consistent with those of June 5, as the Russian admiral's ships were suffering from damages due to battle the American policy was to restrict all operations of belligerents at neutral ports, in other words, time would not be given for the repair of damages suffered in battle."

AGREES TO INTERNMENT OF VESSELS AT MANILA.

St. Petersburg, June 6.—Russia has practically agreed to the internment of the Russian cruisers at Manila.

APPOINTMENT CREATES POLICE DICTATORSHIP.

St. Petersburg, June 6.—Summarizing the report of the Imperial Ukase appointing Governor-General Treppoff as minister of the interior, Slovo declares that it practically creates a police dictatorship over all ministries and gives him plenary power to close societies, conventions, leagues and assemblies of every character at will, and makes him final arbiter of the free public in Russia.

RUSSIAN AGITATORS WANT STRIKE RENEWED.

St. Petersburg, June 6.—From all parts of Russia come reports that agitators, especially socialists are urging renewals of the strike.

RUSSIAN ZEMSTVO MET DESPITE POLICE.

Moscow, June 6.—In spite of official proscription, the all Russian Zemstvo congress assembled here today, but the delegates met in private houses. About two hundred and eighty delegates from the various Zemstvos and municipalities including mayors of twenty-five large cities, arrived yesterday to attend the congress. It is proposed to introduce resolutions calling for the immediate cessation of hostilities. The order prohibiting the meeting of the congress arrived at Moscow late last night and roused the greatest indignation and resentment.
